### Job Creation Data Explanatory Notes

If the change (gain/loss) in the number of full-time permanent employees as of the date of the report plus the number of full-time permanent employees anticipated to be hired after date of the report does not equal the number of full-time permanent employees stated in the Agreement that would be created at the site as a result of the assistance, then please explain why not:

Volume decrease in manufacturing Operations, as well as some of our processes have been automated and increased efficiencies among our workforce. Anticipation of hiring practices as needed as volume increases. The newly stated reflects all employees at site 12/31/2010.
