#### Job Creation Data Explanatory Notes

If the change (gain/loss) in the number of full-time permanent employees as of the date of the report plus the number of full-time permanent employees anticipated to be hired after date of the report does not equal the number of full-time permanent employees stated in the Agreement that would be created at the site as a result of the assistance, then please explain why not:

Did not meet initial hiring goals for 2015 due to loss of leadership team and reduced sales. New Management team has been put in place and 2016 hiring has already increased over 2015 with plans to increase manufacturing capacity and volume positively impacting continued employment growth.
